Workshop Description:

This training will focus on incorporating the philosophy, skills and strategies of Nurturing Parenting. Participants will learn how to design home-based and group-based parenting programs utilizing the proven lessons of the Nurturing Parenting Programs. A hands on approach to conducting the Nurturing Parenting Program includes facilitating weekly sessions, how to use program materials, videos and assessment tools, children's and parents' program activities, lessons, activities for personal power, alternatives to corporal family home practice assignments, ice breakers, personal growth punishment, building self-esteem, self-concept, and empathy in parents and children. Participants will learn how to use the online version of the *Adult - Adolescent Parenting Inventory (AAPI-2.1)* to gather pre and post program outcome data.

The Nurturing Parenting Programs are family-based programs with a proven track record of preventing the recurrence of child abuse and neglect that address the specific needs of different populations.
