Nurturing Parenting Programs® *Three-Day Facilitator Training & Seminar*

Learn to implement the **evidence-based** Nurturing Parenting Programs to meet the specific parenting needs of families.

TRAINING DESCRIPTION

The three-day training will focus on understanding the philosophy of nurturing parenting, assessing high risk parenting beliefs and environments, creating competency based parenting lessons and programs tailored to meet the individual parenting needs of families, and implementing programs at the primary, secondary and tertiary levels of prevention.

Participants will experience a hands-on approach to implementing home-based, group-based and a combination home-based/group-based program model.

Participants will learn how to administer and score the online versions of the Adult-Adolescent Parenting Inventory (AAPI-2) and the Nurturing Skills Competency Scales (NSCS), and how to select the best Nurturing Program model for your agency.

Participants will also learn how to monitor the success of families through on-going process evaluation strategies designed to measure the attainment of parenting knowledge and skills.

In three days, participants will learn:

- ⇒ Philosophy of Nurturing Parenting;
- ⇒ Five Parenting Constructs of Abuse/Neglect;
- ⇒ Impact of maltreatment on Brain Development;
- ⇒ How to Assess High-Risk Parenting Beliefs;
- ⇒ How to Tailor Programs based on Family's Needs;
- ⇒ How to Gather Process Evaluation Data;
- ⇒ How to Evaluate Pre and Post Program Impact;
- ⇒ How to Implement Home & Group-Based Models

The Nurturing Parenting Programs are proven, evidence-based, family focused programs first implemented in 1985 and recognized by national and state agencies for their effectiveness in preventing and treating child abuse and neglect.

The Nurturing Parenting Programs meet and exceed the Six Protective Factors identified by the U.S. Government for the prevention and treatment of Child Abuse and Neglect.

Assessments & Inventories

Assessing Parenting is an online application that scores and records inventory assessments of participants. Home of the **Adult-Adolescent Parenting Inventory (AAPI-2)** and the **Nurturing Skills Competency Scale (NSCS)**. Agencies can then access profile and program data for reporting and intervention.

Primary
PREVENTION EDUCATION

• Designed to empower individuals and families with new knowledge and skills.

Secondary
PREVENTION-INTERVENTION

• Designed for at-risk youth, teen parents & families experiencing moderate levels of dysfunction.

Tertiary
PREVENTION - TREATMENT

• Designed for families referred for parenting education by Mental Health/Social Services.

Comprehensive

• Designed for agencies to offer long-term, more comprehensive parenting education.
