I felt empowered by the information that I learned over these last days. I feel like a brand new parent in my mindset.

I enjoyed getting some hands on experience and although it was a last minute add-on to my schedule, I really learned a lot about parenting. I feel like there's a lot to learn still but will definitely put in place some of the lessons learned in my real life situations.

3 days went by like nothing. It was a very immersive training, I learned a great amount of information and can't wait to use it to assist my clients and to better myself as a parent.

I love how Mrs. Franklin took time to answer all my questions I do feel prepared and can't wait to begin

I loved the engagement of the program and how personable Ms. Mayemona is!

Wonderful training! Very informative and helpful, I can tell from the jump in scores from my pre-test to post-test that I learned a lot. I feel confident in being able to role this out but I know that I'm gonna need time to review and practice with the materials but I feel prepared to start today if needed. Thank you again!

This is one of the best trainings I have had.. Ms. Franklin made the class interesting. providing real world examples and giving everyone the opportunity to learn and apply concepts. I had fun but also feel confident that I can begin to facilitate groups in the future.

Choosing Mrs. Franklin as my trainer for the Nurturing Parenting program was one of the best decisions I could've made. She's extremely informative, thorough, and brings so much passion and experience to the training.

Amazing class, amazing facilitator! Thank you!!

I want to thank you once more for the EXCELLENT 3 day training!! I cannot stress enough how much insight that was gained and how excited we are to put these new skills to good use. I never cried so much through a Zoom meeting!! LOL!! I feared you would report me because I kept turning my camera off!! Your passion for this field is more than obvious and your very gentle nature makes the entire thing so very pleasant.
