ONLINE WORKSHOP

This workshop will be delivered using the
ZOOM online meeting platform

Est. 1983

This 3-day workshop will prepare participants to deliver the Nurturing Programs® to clients utilizing the philosophy, skills, and strategies of the Nurturing Parenting® evidence based practice programs.

Among covered topics are how to select and use program materials, videos, and assessment tools. We will practice program activities, nurturing skills, and family home practice assignments. Also discussed will be alternatives to corporal punishment along with building the concepts of empathy and self esteem in children and families.
